**Global Automakers Statement on Release of Trans-Pacific Partnership Text**

**WASHINGTON, DC, NOVEMBER 5, 2015** – “The Association of Global Automakers (Global Automakers) welcomes the public release of the Trans-Pacific Partnership (TPP) text. We are reviewing the details of this agreement and look forward to working with the Administration and Congress as the process moves forward.

“Open trade and investment policies have encouraged international automakers to invest billions of dollars in the United States, creating a stronger domestic manufacturing base and stimulating economic growth. If approved by Congress, the Trans-Pacific Partnership will provide new opportunities to increase exports and support American jobs.”

###

The Association of Global Automakers represents international motor vehicle manufacturers, original equipment suppliers, and other automotive-related trade associations. We work with industry leaders, legislators, and regulators to create the kind of public policy that improves vehicle safety, encourages technological innovation, and protects our planet. Our goal is to foster a competitive environment in which more vehicles are designed and built to enhance Americans’ quality of life.
